

AMIT KUMAR

B.Tech Computer Science & Engineering Student

Kanpur, Uttar Pradesh — Phone: +91 9616797063

Email: kumaramit160590@gmail.com — GitHub: github.com/amit961670 — LinkedIn: linkedin.com/in/amit-kumar-033b57289

PROFILE SUMMARY

A highly motivated B.Tech Computer Science & Engineering student with a solid foundation in full-stack web development and data analytics. Skilled in Java, C++, and SQL, with a proven track record of building responsive applications and deriving insights using Power BI. Detail-oriented, adaptable, and committed to leveraging modern technologies to deliver impactful and optimized technical solutions.

EDUCATION

Krishna Institute of Technology (KIOT)

Kanpur, Uttar Pradesh

Bachelor of Technology in Computer Science & Engineering

2023 – 2027

Affiliated with Dr. A.P.J. Abdul Kalam Technical University

Cumulative SGPA: 7.5/10

SKILLS

Programming Languages:	C, C++, Python, Java, SQL
Web Technologies:	HTML5, CSS3, JavaScript (ES6)
Databases & Tools:	MySQL, Power BI, Git, GitHub, VS Code
Core CS Concepts:	Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems (OS), Computer Networks (CN)

ACADEMIC PROJECTS

Personal Portfolio Website

HTML5, CSS3, JavaScript

- Designed and developed a fully responsive, mobile-first portfolio website from scratch to showcase academic achievements, skills, and technical projects.
- Implemented modern UI/UX design principles, incorporating intuitive navigation, fluid scrolling animations, and a clean professional layout.
- Optimized application performance and cross-browser compatibility, ensuring cross-device responsiveness.
- Deployed the live environment using GitHub Pages and effectively managed version control using Git.

Hospital Management System

HTML5, CSS3, JavaScript, MySQL

- Built a multi-user administrative web platform designed to digitize healthcare workflows and patient management systems.
- Developed secure user authentication modules and specialized dashboards for patients (appointment scheduling) and administrators (doctor schedule tracking).
- Engineered an interactive interface with dynamic data forms, rigorous frontend validation checks, and real-time database updates for room availability.

INTERNSHIPS & CERTIFICATIONS

Power BI Intern – Cognifyz Technologies	Feb 2026
Web Development Intern – Apex Planet	Nov 2025
Cyber Security Certification – Deloitte	Jul 2025
Java Programming Course – RCPL	3 Months
C++ with Object-Oriented Programming – RCPL	3 Months
C Programming Course – RCPL	3 Months

EXTRACURRICULAR ACTIVITIES & ACHIEVEMENTS

- Coding Profiles:** Maintained a 5-Star coder profile on HackerRank across core programming languages.
- Competitions:** Active competitor in campus hackathons including Buzz Blitz Quiz and Clash Coders.
- Club Membership:** Active participant and contributor at the Tech Titan Club of KIOT.
- Technical Interests:** Full-Stack Web Development, Generative AI Application Development.
